25X1 FROM: [redacted]
Chief, Engineering Division, OC

25X1 SUBJECT: Change Control Board [redacted]

1. We are instituting a Change Control Board which will meet periodically to consider and determine the disposition of all proposed changes to message switch and terminal products. We are asking that each of you identify someone to represent the
25X1 interests of your organization. [redacted]

2. We expect to convene the Board as often as necessary to keep change activity moving at a reasonable rate, probably monthly. An agenda, with copies of the changes to be considered, will be distributed prior to each meeting. Other procedures will
25X1 evolve as necessary. [redacted]

MEMORANDUM FOR: Chief, Engineering Division, OC

25X1 FROM: [redacted]
Deputy Director for Operations, OIT

SUBJECT: Application of MERCURY to the Domestic
25X1 Network [redacted]

1. The Office of Information Technology (OIT) is beginning to address the structure of the domestic network. We recognize that the application of MERCURY must be considered as a possible alternative. Consequently, OIT requests that the MERCURY Program Office (MPO) assess the application of MERCURY

25X1 [redacted]

2. The assessment should include a description of the types of services, maximum and minimum capabilities, operational concepts, and typical cost for each installation.

25X1 [redacted]

3. Any questions regarding this request may be addressed
